Metallic Valves

- 2-way & 3-way Ball valves in brass and stainless steel; manual or automatic.

- Resilient seated & metal seated butterfly valves. High Performance butterfly valves & Teflon Lined butterfly valves. Wafer or Full Lug style.

Plastic Valves & Strainers

- Ball, Butterfly, Check, Diaphragm, Gate & Globe Valves in PVC, CPVC, PP & PVDF material. Rotameter, paddle wheel, & Vortex flowmeters. Complete line of Teflon valves & fittings. PP & PVDF systems.

Actuators and Mounting Accessories

- Pneumatic and electric actuators. Complete automation package, and custom built mounting kits to suit valves & dampers.

Misc. Specialty Products

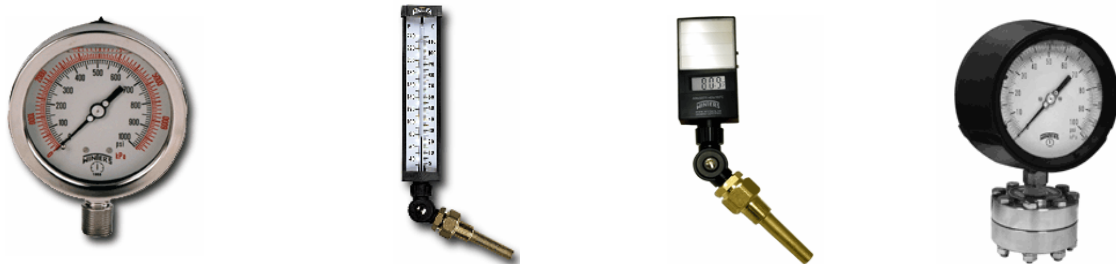

- Control valves, pressure regulators, temperature regulators, level controllers, level switches, pipe repair clamps, sleeve couplings & air prep filter regulator.

- Solenoid valves for water, air, steam & chemical applications. Economical flow, level, pressure, temperature, & pH controls. Insertion type magmeter.

- Pressure & temperature gauges, diaphragm seals, pressure switches, pressure transmitters and a full range of gauge accessories.

- Various makes of brass, stainless steel, black iron, copper & nylon fittings, tubing & hose.
